

NWI Holdings - Wichita, Inc. FAR/DFARS Flow-down Addendum

ADDITIONAL TERMS AND CONDITIONS APPLICABLE TO ORDERS ISSUED UNDER GOVERNMENT CONTRACTS (Revision Date: 12 December 2019)

GOVERNMENT CONTRACT CLAUSES. Orders issued under Prime Contracts with the U.S. Government or subcontracts at any tier under U.S. Government contracts shall incorporate the additional terms and conditions applicable to orders issued under Government contracts. The appearance of a U.S. Government agency Prime Contract number on an Order shall conclusively establish the applicability and the incorporation by reference of that agency's clauses referenced herein. These clauses are supplemental to and a continuation by reference of the NWI Holdings Group General Purchase Order Terms and Conditions and Buyer's Company-Specific Addendum (if any), except that in the event of any inconsistency, these Additional Terms and Conditions Applicable to Orders Issued under Government Contracts shall take precedence.

The effective version of each Federal Acquisition Regulation ("FAR"), Defense Federal Acquisition Regulation Supplement ("DFARS"), or NASA FAR Supplement ("NFS") clause shall be the version in effect at the time the associated U.S. Government Prime Contract was issued. While every effort has been made to include all potentially applicable FAR, DFARS and NFS clauses in this Addendum, any clause which is required under a statute or regulation to be included in an Order shall be considered to be included by operation of law, even if it has been omitted from this Addendum. If any of the FAR, DFARS or NFS clauses are expressly made inapplicable by a threshold amount or other limitation, they shall be self-deleting.

(a) **GOVERNMENT INSPECTION.** All goods (which term includes without limitation raw materials, components, equipment, intermediate assemblies, end products and technical data) shall be subject to inspection and test by the Government to the extent practicable at all times and places including the period of manufacture, and in any event prior to Government acceptance. Through any of its authorized representatives, the Government may inspect the plant or plants of Seller or any of Seller's subcontractors engaged in the performance of work under this Order. If any inspection or test is made by the Government on the premises of Seller or Seller's subcontractor(s), Seller shall provide and shall require such subcontractor to provide all reasonable access to such premises and facilities as well as assistance for the safety and convenience of the Government personnel in the performance of their duties. All inspections and tests by the Government shall be performed in a manner as will not

unduly delay the work. Seller shall include the substance of this clause in all subcontracts issued hereunder.

- (b) **PRICING OF ADJUSTMENTS.** When costs are a factor in any determination of a contract price adjustment pursuant to the "Changes" clauses or any other provision of this Order, such costs shall be determined in accordance with Part 31 of the FAR and Part 231 (I) of the DFARS, including but not limited to DFARS§252.215-7000, Pricing Adjustments.
- (c) **TRUTH IN NEGOTIATIONS.** When applicable, Seller shall comply with the requirements of 10 U.S.C. §2306A, as currently amended, the "Truth in Negotiations Act" and the implementing FAR and DFARS as such requirements are or become applicable to this Order.
- (d) **INDEMNIFICATION.** Seller shall indemnify and hold Buyer harmless from and against any cost, price reduction, withholding offset, penalty, interest, claim, demand, determination of unallowability or unallocability, or any other civil, criminal or administrative liability, whether arising under statute, regulation, contract or common law, and shall reimburse Buyer for any loss, cost or damages incurred by Buyer, including reasonable attorneys' fees, under Buyer's contract with its customer as a result of Seller's or its lower tier subcontractor's failure or refusal to comply with applicable U.S. Government Contract clauses.
- (e) **APPLICABILITY OF CLAUSES.** The clauses contained in the respective Government agency regulations referenced below are incorporated in the Order by reference, as applicable. Wherever appearing in these clauses, "Contractor" shall mean "Seller", and where noted or where necessary to derive proper meaning in a subcontract situation, "Contracting Officer" shall mean "Buyer", "Contract" shall mean the Order, and "Government" shall mean "Buyer or the Government." "Simplified Acquisition Threshold" and "Micro-Purchase Threshold" shall have the definitions set forth in FAR§2.101. "Certified Cost or Pricing Data Threshold" shall mean the amount set forth in FAR§15.403-4(a)(1) for submission of certified cost or pricing data.

Commercial Items. The column entitled "Applicable to Commercial Items?" below indicates whether a clause is

applicable when the Seller is furnishing goods or services that qualify as a “commercial item” under FAR§2.101. Upon request, Seller shall provide relevant documentation to support Seller’s assertion that its goods or services satisfy the definition of “commercial items” under FAR§2.101. Further, Sellers of commercial items per FAR Part 12 agree to all additional clauses in Buyer’s higher tier contract necessary for Buyer to satisfy its contractual obligations as they relate to the Order.

(f) **QUALITY REQUIREMENTS.** During performance on this Order, Seller’s quality control and inspection systems and manufacturing processes are subject to review, verification, and analysis by authorized Government representatives. Government inspection or release of Products prior to shipment is not required unless Seller is otherwise notified. A copy of this Order will be furnished to

Seller’s Government representative upon request.

(g) **GOVERNMENT CONTRACT FLOWDOWN REQUIREMENTS.** Seller must flow down applicable Government contract clauses to its sub-tier suppliers. Seller shall maintain on file all applicable representations and certifications provided by its sub-tier suppliers.

REQUIRED CERTIFICATIONS. The FAR, DFARS and NFS clauses identified herein may require the submission of certain information, certifications and/or representations. When requested by Buyer, Seller shall furnish any information, certification and/or representation necessary for compliance with such requirements or with Buyer’s policies.

FAR Clause	Title	Applicability Conditions	Applicable to Commercial Items?
52.202-1	Definitions	[Applies to all Orders]	YES
